1.	Quality maintained in the services provided to the learners	<p>The University is dedicated to creating an environment that fosters the comprehensive and holistic development of our students' personalities. MPBOU has consistently aimed to ensure accountability and openness in every aspect, starting from the admission process to the Examination.</p> <p>Admission process</p> <ul style="list-style-type: none"> • Admission to MPBOU is facilitated using the MP online portal, where candidates are required to submit their application online for admission into any program. The fee structure of the program is available on the website of the University in accordance with the UGC rules. • After the student gets admission into the University, they undergo a counselling process known as Induction Program. This Program assists the student to become familiar with the system and procedures of the University that they have follow 	<p>MPONLINE LINK</p> <p>INDUCTION PROGRAM AND PHOTOGRAPHS LINK</p>

		<p>throughout their academic sessions.</p> <ul style="list-style-type: none"> • CIQA has suggested the establishment of kiosks at the dedicated helpdesk at the Headquarters, Regional Centres, and Study Centres for follow-up purposes, as well as a toll-free number and a CUG number. <p>Self-learning material</p> <ul style="list-style-type: none"> • Self-learning modules (SLMs) are individualised instruction that enable students to use printed or digital/electronic document of the SLMs. The student receives hard copies of the SLM with the help of Regional Centres and Study Centres, while the softcopy of the SLMs can be assessed through university website. Students can select SLM as per their preferred learning medium which is available in both Hindi and English. The availability of the SLMs in the Regional and Study Centres will be informed to the students through SMS alerts, a way of digitising the SLM delivery process. A committed group of professionals such as the subject experts of reputed Universities/Organisations are the course writers, reviewers, or editors of the content for SLM. • The Academic Council regularly updates and assesses the Self-Learning Material (SLM) to ensure 	<p>HELP DESK LINK</p> <p>SLM LINK</p>

		<p>its relevance, quality, and alignment with current academic standards and learner requirement.</p> <ul style="list-style-type: none">• Madhya Pradesh Open University, Bhopal, leverages a robust Learning Management System (LMS) to facilitate online education which can be assessed through www.mpbou.edu.in. The LMS provides students with seamless access to course materials, assignments, and interactive learning resources, ensuring a flexible and comprehensive learning experience. Complementing this, the university offers a diverse array of Open Educational Resources (OER), which include digital textbooks, lecture notes, and multimedia content. These OERs are freely accessible and designed to enhance self-paced learning, enabling students to engage with high-quality educational content that supports their academic growth and development.• Swayam and the e-PG paathshaala platforms are great places to find references. A library is housed within the university's main building for the benefit of both faculty and students.

		<p>Getting in touch with students</p> <p>Students may access any of our 11 regional centers, strategically located across the state of Madhya Pradesh, during designated university hours to seek academic assistance and resolve their queries. The university caters to a diverse student population, including members of marginalized, weaker section, and indigenous communities. In alignment with its commitment to social equity, MPBOU implements several welfare policies, including the provision of tuition fee waivers for students from underprivileged backgrounds, with eligibility information and criteria transparently provided online. MPBOU extends its special educational services to jail inmates. Madhya Pradesh Bhoj Open University (MPBOU) offers special facilities for women's education, promoting inclusivity and empowerment. The university provides flexible learning options, including distance education, allowing women to pursue higher studies alongside personal responsibilities. Scholarships, counseling, and support services further encourage women's participation, fostering a conducive environment for their academic and professional growth. By providing tailored educational programs and resources, the university aims to empower these individuals, facilitating their social</p>

Assignments at MPBOU play a crucial role in the academic assessment process. They are designed to reinforce learning, encourage critical thinking, and provide students with an opportunity to demonstrate their understanding of the course material. Students are required to complete and submit assignments within specified deadlines, which are communicated through the university's Learning Management System (LMS) Headquarters, Regional Centres, and Study Centres. These assignments contribute significantly to the overall evaluation, complementing the final examinations. MPBOU emphasizes the importance of original work and academic integrity, providing clear guidelines and support to help students meet academic standards. The assignments are also designed to be completed within a reasonable timeframe, so that students can balance their academic responsibilities with

Bhoj (Open) University Center Internal Quality Assurance (CIQA) has established a system for gathering input from the university's numerous stakeholders, such as instructors, academicians, academic counsellors, alumni, and students. The exercise's goal is to accurately assess the perspectives of the relevant parties in order to improve outreach and make the university more student-centric. The Center for Internal Quality Assurance gathers feedback and recommendations from the parties involved, and concerned departments, divisions, schools, and authorities discuss the next course of action. The judgments made by the authorities are sent along so that action can begin.</p> <p>1. The input is gathered, and statistical analysis is used to identify trends. The government takes additional action in response to stakeholder opinions.</p> <p>2. Although it was previously done manually, we switched to both manually and online feedback system. Students can write on any</p>	

		<p>specific topic/problem/suggestion to us for solutions. There are suggestion/feedback boxes in the university premises (Headquarters), Regional Centres, and Study Centres for the student assistance. The suggestion/feedback boxes are checked once in a month. The recommendation or complaint is subsequently forwarded to the relevant authority by the student support department of the university.</p> <p>In order to get a bird’s eye view of the situation, the University then decided to switch to a structured format. Our questionnaire follows a structured format in which the student or the stakeholder needs to assign a rank on the Likert Scale. Our structured questionnaire has queries regarding the quality of the curriculum in general, the syllabus, timely availability of SLM and reading material, their overall experience with the University, etc.</p> <p>4. The feedback form will be available from the reception on request, and our regional centers also have the proforma of the questionnaire. PPR has been prepared for all the courses, and efforts are made to ensure that guidelines are followed strictly.</p> <p>Action taken Based on the feedback obtained from the alumna, students, teachers, academicians, and academic counsellors, CIQA was instrumental in bringing forth the following decisions.</p> <p>1. Designing Program Guide 2. On-time dispatch of the Self-Learning Materials to the learners: 3. Providing study material aids like audio/video material: 4. Using Open Educational Resources/Digitized Course Material for Self- Learning Material 5. Making the counselling sessions more interactive by using Technology Enabled Learning Methodology 6. Providing learner-centric services to submit the assignments and get it evaluated on time 7. Providing detailed and clear instructions on Examination procedures to the learners 8. Teams were deployed from headquarters to visit regional centres and appraise situations at the ground level.</p>

3.	Contribution in the identification of the key areas in which Higher Educational Institution should maintain quality	<p>In light of input from multiple sources, CIQA has recommended the following changes.</p> <ol style="list-style-type: none"> 1. Creating a Standard of Procedure to ensure that SLM is delivered as per schedule. 2. A strategy for examination is created, incorporating the ability to electronically complete examination forms for regular, reappear, re-evaluation, and other purposes through MPONLINE. 3. The evaluation process is accelerated by scheduling the examination in time, and examination centre allocation and admit card allocation. 4. For internal examinations like assignments, smooth submission of assignments and queries related to assignment should be redressed at every level. 5. The process of corrections in degree certificates should also be paced up. 6. SLM was only offered in print at first. It was prepared in an electronic format and made available to students as per the recommendation from CIQA. 	<p>SLM LINK</p>

The M.P Bhoj Open University Centre Internal Quality Assurance (CIQA) has instituted a mechanism to collect feedback from the various stakeholders of the university, which include students, alumni, academic counselors, teachers/academicians, etc.</p> <p>2. We do not have systems in place to collect feedback from parents, society and employers.</p> <p>3. We do have an active interface with the government. Meetings with the honorable Governor and commissioner of higher education also take place at regular intervals. Officials from the higher education department conduct periodic review meetings called Sameeksha Baithaks. The CM helpline is another platform wherein the students can air their grievances, wherein the government also monitors the remedial action taken by the University.</p> <p>4. The feedback is collected, and trends are generated through statistical analysis. Based on the opinions of the stakeholders, further action is taken by the administration. We intend to shift to an online mode of feedback shortly, but in the past, it was done manually. Students can write to us in an open format in case they want to highlight any issue in particular. A suggestion/feedback box is installed at the University</p>

They are as follows.</p> <ul style="list-style-type: none"> • The University has installed Roof Top Solar Plant Panels under the project RESCO model with a plant capacity of 100 KW and by linking it with the existing MPEB grid system. In this regard, the University has deposited an amount of Rs. 33.556 lakhs to MP Urja Vikas Nigam, which is the nodal agency for the same. • The infrastructure for vermicomposting on a small scale has been successfully installed on campus. The compost thus manufactured has promoted organic gardening practices, and the campus inmates use it for kitchen gardening purposes, thereby reducing their dependency on chemical fertilizers. • The University is consciously working towards reducing the use of paper by digitalizing documents and introducing an e-academic management system that involves digital management of students' academic details, including marks, attendance, etc. The University also encourages duplex printing 				

		<p>and photocopying and recycles paper. Old answer sheets and packaging materials of the SLMs are recycled and reused. Every department practices the use-reuse-recycle concept while working. Used printed letterheads are used for internal memos.</p> <ul style="list-style-type: none"> • The University has shown its commitment to the environment by developing a herbal garden with various shrubs and medicinal trees. This initiative has added to the utility of our lush campus, which sprawls over 25.26 acres. Our verdant lands are covered in hues of green, and the area brims with a rich biodiversity that includes some rare species of flora and fauna. Apart from the above, the University also creates awareness of the medicinal properties of plants and trees. • Nakshatra Garden—The University has successfully developed a Nakshatra Vatika of 27 Nakshatra, incorporating environmental consciousness, traditional knowledge, and spirituality. • E-waste management: Repairing and recycling of laptops, computer hardware, and projectors are encouraged and executed regularly. Some departments use overhauled computer peripherals and laptops as a part of this process. There is also a disposal box for E-waste collection at the University. • Madhya Pradesh Bhoj Open University has adopted 05 villages under Unnat Bharat Abhiyan (UBA) for a transformational change in rural life. <p>18.</p>	<p>Steps taken to coordinate between Higher Educational Institution and the Commission for various quality related initiatives or guidelines</p>	<p>The coordination between Madhya Pradesh Bhoj Open University (MPBOU), Bhopal, and the University Grants Commission (UGC) for various quality-related initiatives guidelines involves the following steps:</p> <ol style="list-style-type: none"> 1. Formation of CIQA: MPBOU has established a CIQA to implement quality-related quality initiatives effectively. The CIQA is responsible for coordinating with the UGC to related initiatives or guidelines ensure that quality-related initiatives are implemented in accordance with the guidelines. 2. Identification of Quality-related initiatives: The CIQA identifies the quality-related initiatives that must be implemented. These initiatives may include accreditation processes, curriculum development, faculty 	

		<p>training, and student assessment.</p> <p>3. Development of guidelines: Once the initiatives have been identified, the CIQA works with the UGC to develop guidelines for implementation. These guidelines outline the steps that must be taken to ensure that the initiatives are implemented effectively and efficiently.</p> <p>4. Communication and collaboration: Regular meetings and communication channels are established between the CIQA and the UGC to ensure that both parties are aware of the progress and any issues that must be addressed.</p> <p>5. Monitoring and evaluation: The CIQA monitors and evaluates the coordination efforts' effectiveness. This involves regularly reviewing the progress made towards the goals and objectives established in the framework, assessing the initiatives' quality, and identifying improvement areas.</p> <p>6. Submission of reports: The CIQA submits regular reports to the UGC as and when required, detailing the progress towards implementing the quality-related initiatives. Effective coordination between MPBOU and the UGC for quality-related initiatives requires a collaborative approach that prioritizes communication, transparency, and accountability. By working together, both parties can ensure that students receive a high-quality education that prepares them for success in their chosen fields.</p>

The Grade 'A' status recognizes the institution's efforts in enhancing its infrastructure, faculty, research	

		capabilities, and student support services. It marks a new chapter in the university's journey, solidifying its position as a leading center for open and distance education in India.	
28.	Promoted collaboration	Madhya Pradesh Bhoj Open University has secured 24 MoUs in 2023-24, to name a few collaborations- CEC, BECIL, EdCIL, CSIR-AMPRI, and Lincoln University, Malaysia. These MoUs enhance academic exchange, research, industry partnerships, and skill development, while also promoting inclusive education and entrepreneurship, significantly enriching the university's educational offerings and opportunities for students.	
29.	Facilitated industry-institution linkage for providing exposure to the learners and enhancing their employability.	<p>1. For any institution to develop and flourish, collaborations are essential. It is through collaborations an intuition gets to understand the activities of its contemporaries and imbibe the best practices followed by them and create a repository of knowledge for future use. CIQA has been instrumental in bringing about MOUs with institutes of repute. The University keeps on conducting interface programmes like webinars, conferences etc., wherein academicians and students visit us to share information about their knowledge domains.</p> <p>2. 		<p>Bhoj Open University’s (MPBOU) bid for dual recognition as an NCVET awarding body. This status would enhance MPBOU’s role in the skilling ecosystem, broaden educational offerings, increase credibility, and provide access to NCVET resources. It would also foster industry partnerships, formalize skills-based education, and align MPBOU with national policies like NEP 2020. MPBOU’s CIQA department is actively involved in capacity-building workshops, preparing for the application process and qualification development under the NCVET framework.</p> <p>3. Senior Consultants from the CIQA have attended capacity-building workshops for Open University officials. These include a workshop on NCVET awarding bodies on May 9, 2024, at NCVET Office, New Delhi; NCVET qualifications development from June 19-21, 2024, at Uttarakhand Open University.</p>

5.	Infrastructure Resources	MPBOU has its headquarters at Bhopal and 11 Regional Centers (RCs) in the States of Madhya Pradesh. One Regional Centers have our own buildings and remaining Regional Centers have been housed in the buildings shared by educational Institute. Dr. Hari Singh Gour University, Sagar, entered into a Memorandum of Understanding (MoU) with Madhya Pradesh Bhoj Open University, Bhopal, on June 11, 2024. As part of this agreement, Dr. Hari Singh Gour University assured that it would allocate land for building a regional center.	
6.	Learning Environment and Learner Support	The University has made special efforts to extend its outreach by establishing Special Learning Centers for Rural Youth, Farmers and farm women and Special LSCs in Jails, rural and remote areas. The Barwani Regional Center of Madhya Pradesh Bhoj Open University, Bhopal, serves some of the most underprivileged and disadvantaged groups in the	

		state. This center focuses on providing educational opportunities to marginalized communities, ensuring access to higher education for those who are often overlooked, thereby promoting social equity.	
7.	Assessment and Evaluation	Continuous assessment and evaluation in most of the courses is implemented through tutor marked assignments, which are sent separately to all the learners as per the set schedule. All the learners are expected to work on these assignments and submit their responses to their respective Learner Support Centers (LSCs) as per the pre-set schedule published on the website.	
8.	Teaching Quality and Staff Development	1.Offers higher education at affordable costs to large segments of the population by removing barriers of age, entry qualification, place and pace of study and leveraging interaction by offering seamless teaching - learning experiences. 2. Part – V: Programme Project Report (PPR) and Self-Learning Material (SLM)

5.1 Compliance status of ‘Guidelines on Programme Project Report’ – As per Annexure - V of UGC (ODL Programmes and Online Programmes) Regulations, 2020

HEI shall mention the process followed to ensure that PPRs are prepared as per the guidelines mentioned in the Regulations. The explicit details of approval by its Statutory Authorities shall also be mentioned.

The Program Project Reports (PPR) were prepared by the Program Coordinators in the School of Studies in accordance with the UGC (ODL) Regulations circulated by the CIQA Center. The CIQA had given orientation to all the Program Coordinators in the School on filling up the PPR. The PPRs of various programs on offer are approved by the Academic Council of the University.

Part – IX: Grievance Redressal Mechanism

9.1 Compliance status of ‘Grievance Redressal Mechanism’ – As per Annexure - X of UGC (ODL Programmes and Online Programmes) Regulations, 2020

HEI shall mention the mechanism put into place along with brief details of grievances received and actions taken thereof. Also mention that how the learners have been made aware about this mechanism.

Students can submit their grievances through the process of ‘**Grievance Redressal Mechanism**’, which includes a designated grievance cell, an online site, or a hotline number. Following the filing of a grievance, the organization is required to look into the matter and take the necessary steps to address it.

Information regarding this technique can be provided to students during orientation meetings, on their website, or in the student handbook.

Students can voice their issues and grievances in a timely and transparent manner because the university has an efficient grievance redressal procedure in place.

9.3 Complaint Handling Mechanism

HEI shall mention the mechanism adopted for Complaint Handling Mechanism as per Regulations. Also, mention details of Nodal Officers.

Complaint Handling Mechanism

MPBOU has instituted multiple channels for handling complaints from students, employees, and stakeholders, ensuring timely resolution and transparency. The Internal Complaint Committee addresses grievances internally, facilitating resolution without delay. Additionally, the university collaborates with the Madhya Pradesh CM Helpline, a state government initiative, to provide citizens with a platform to voice concerns and seek redressal.

The Madhya Pradesh CM Helpline Enquiry Mechanism operates through various steps:

- Citizens can register complaints toll-free at 181 or online through the official website or mobile app.
- Complaints are logged into a central database, generating a unique reference number for tracking.
- The complaint is forwarded to the relevant department or agency for resolution.
- Investigations are conducted, and appropriate actions are taken to resolve the issue.
- Citizens receive online notifications once their complaints are resolved.
- Regular updates are provided if resolution takes longer than expected.
- Complaints escalate through four levels, with higher authorities intervening if necessary, and the CM may personally review unresolved issues.

MPBOU ensures students are informed about this mechanism through handbooks, website information, and orientation sessions. This collaborative approach fosters accountability, transparency, and efficient resolution of grievances, ultimately improving service quality and enhancing the university's responsiveness to student and stakeholder concerns.

Part – X: Innovative and Best Practices

10.1 Innovations introduced during academic year

INNOVATIONS

SICKLE CELL ANAEMIA AWARENESS PROGRAMME

Sickle Cell Anaemia Awareness Programme by Madhya Pradesh Bhoj Open University is an innovative initiative introduced during the academic year 2022. This initiative is still in practice and has showcased a commendable success in raising awareness about sickle cell anaemia in rural communities. Undertaken in collaboration with local health authorities and professionals, Madhya Pradesh Bhoj Open University adopted several villages in the Dharmapuri Block of district Dhar, Madhya Pradesh. List of villages :

1. Rampura
2. Dhegda
3. Bhvanyakhurd
4. Gulati
5. Dasoda
6. Nimbola
7. Pedwee
8. Pagara
9. Pipaliya Khut
10. Bhogwa

OBJECTIVE : The objective of the Sickle Cell Awareness Programme is to educate villagers about sickle cell anaemia, a genetic blood disorder prevalent in the region. By adopting villages and conducting various activities like workshops, seminars, and health camps, MPBOU aims to prevent the spread of the disease and improve the quality of life for affected individuals and families.

Moreover, the program emphasizes the importance of genetic testing and counselling to enable informed decision-making regarding health, particularly concerning hereditary diseases like sickle cell anaemia. By providing access to medical treatment, counselling, and support groups, MPBOU aims to reduce the stigma and discrimination faced by those living with the disease, thereby enhancing their overall well-being.

OUTCOME : The evidence of success is reflected in the household surveys conducted in various villages, demonstrating the University's commitment to continuous monitoring and evaluation of the program's impact. Despite challenges such as difficult accessibility to the adopted villages and varying literacy levels among rural communities, MPBOU has maintained its efforts, organizing camps and outreach activities to ensure uninterrupted support and education.

To address the encountered challenges and enhance the effectiveness of the program, MPBOU requires additional resources such as improved road connectivity and literacy enhancement initiatives tailored to the needs of the rural population. These resources are essential for ensuring better accessibility and understanding of the educational interventions provided by the University.

Furthermore, to align with recent data and expand the scope of its initiatives, MPBOU can integrate awareness programs on various other crucial topics including education, health hygiene, employment, and environmental sustainability. Additionally, focusing on empowering rural and tribal girls through specialized training and awareness campaigns can contribute significantly to their personal development and societal progress.

Overall, the Sickle Cell Awareness Programme initiated by MPBOU serves as a model for community-based health education and intervention, with the potential to positively impact rural communities in Madhya Pradesh. By addressing challenges, leveraging resources, and diversifying its outreach efforts, MPBOU can further enhance its contribution to the holistic development of the region

ESTABLISHMENT OF SKILL CENTRE FOR WOMEN AND CENTRE FOR VOCATIONAL EDUCATION AND SKILLING

The establishment of the Skill Centre for Women and the Centre for Vocational Education and Skilling at MPBOU is driven by the objective of empowering individuals through targeted education and skill development. The Skill Centre for Women aims to address gender disparities by providing women with specialized training and resources that enhance their employability and entrepreneurial opportunities. This initiative is designed to foster economic independence and personal growth among women, contributing to broader social equity.

Meanwhile, the Centre for Vocational Education and Skilling focuses on equipping students and community members with practical, job-oriented skills that meet current industry demands. By bridging the gap between academic learning and real-world application, these centres strive to boost employability, support career advancement, and drive economic development within the region. Together, these initiatives underscore Madhya Pradesh Bhoj Open University's commitment to inclusive education and vocational training as catalysts for personal and community advancement.

National Council for Vocational Education and Training (NCVET) Dual Recognition : At the Open Universities Open Educational Resources Festival (OU OER fest), organised by the Commonwealth Educational Media Centre for Asia (CEMCA) and Dr B R Ambedkar Open University (Dr BRAOU), Dr Nirmaljeet Singh Kalsi, former Chairperson of the National Council for Vocational Education and Training (NCVET), in his Chief Guest's Address, responded positively to the call for Open Universities (Madhya Pradesh Bhoj Open University) to be considered as members of NCVET as Awarding Bodies with dual status.

The objectives and benefits for Madhya Pradesh Bhoj Open University behind seeking dual recognition as NCVET awarding body:

1. **Enhanced Role in Skilling Ecosystem:** Madhya Pradesh Bhoj Open University aims to become central hubs in the Indian skilling ecosystem, integrating skill development into their academic programs and courses, aligning with NEP 2020's vision.
2. **Broadened Educational Offerings:** By obtaining dual recognition, Madhya Pradesh Bhoj Open University can offer a wider range of qualifications that combine academic and vocational skills, making their programs more comprehensive and versatile.
3. **Increased Credibility and Market Relevance:** Dual recognition will enhance the credibility of Madhya Pradesh Bhoj Open University' qualifications and align them with industry standards, thereby improving the employability of their graduates.
4. **Access to NCVET Resources:** Madhya Pradesh Bhoj Open University will gain access to NCVET's support structures, including consultants for qualification development, capacity building resources, and a pool of existing qualifications to offer.

b. Best Practices of the HEI

1. Green Initiatives at Madhya Pradesh Bhoj Open University

Objectives of the Practice: Madhya Pradesh Bhoj Open University recognizes its responsibility to address environmental degradation, especially in the face of climate change. As an educational institution, it aims to educate learners about the importance of conserving the environment and biodiversity while promoting sustainable living practices. The university endeavors to lead by example by implementing various green initiatives on its premises.

Context: Situated amidst residential and commercial areas characterized by high air pollution, MPBOU faces challenges such as inadequate civic infrastructure, pressure on water and electricity resources, and vehicular pollution. Despite these challenges, the university is committed to becoming an environmentally conscious space and reducing its demand for natural resources.

Practice: MPBOU has implemented several green initiatives to promote environmental sustainability:

- **Solar Energy:** The university has installed Rooftop Solar Plant Panels with a capacity of 100 KW, linked to the existing MPEB grid system, contributing to renewable energy use and reducing non-green electricity consumption.
- **Rainwater Harvesting:** Plans are underway to implement rainwater harvesting infrastructure to replenish groundwater reserves and reduce dependency on external water sources.

- **Vermicomposting:** The university has successfully implemented vermicomposting infrastructure, promoting organic gardening practices and waste management. This initiative reduces dependency on chemical fertilizers and promotes sustainable waste management practices.
- **Paper Conservation:** MPBOU is committed to reducing paper usage through digitization of documents, implementing an e-academic management system, encouraging duplex printing, and recycling paper and packaging materials.
- **Herbal Garden (Arogya Vatika) and Nakshatra Garden:** The university has developed herbal and Nakshatra gardens, showcasing biodiversity and traditional knowledge while creating awareness of medicinal properties of plants.
- **E-Waste Management:** The university encourages repair, recycling, and proper disposal of electronic waste, contributing to responsible e-waste management practices.

Evidence of Success: The initiatives undertaken by MPBOU have shown promising results:

1. Decreased non-green electricity consumption post-installation of solar panels.
2. Ongoing construction of rainwater harvesting tanks signifies progress towards water conservation.
3. Successful implementation of vermicomposting and paper conservation practices.
4. Recognition through awards and partnerships, such as the Climate Clock Award and MoUs with organizations like Energy Swaraj Foundation, VALMI, and EPCCO.

Problems Encountered and Resources Required: Despite progress, MPBOU faces challenges such as financial constraints and limited student involvement due to its open and distance learning model. The university is actively seeking funds and raising awareness within the local community to overcome these challenges and continue its green initiatives effectively.
