Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online Mode

Brief describe the provision in LMS to be used by HEI :-

The LMS at M.P. Bhoj (Open) University, Bhopal, is a robust platform designed to support online teaching, learning, and counselling processes with the support of INFLIBNET Ahmedabad. It includes integrated tools for course management, multimedia content delivery, and learner support, providing a comprehensive online learning experience.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- [http://45.124.186.100/ilms\\_mpbu/](http://45.124.186.100/ilms_mpbu/)

Assessment mechanism	The LMS provides multiple assessment options, including quizzes, assignments, peer evaluations, and automated grading systems. The assessment mechanism is aligned with UGC guidelines to ensure continuous evaluation. It supports various assessment formats like MCQs, written assignments, and project submissions. Additionally, analytics to monitor learner progress and facilitate personalized feedback to enhance learning outcomes.
Identified technological interface and interoperability	The LMS is designed for seamless interoperability with external educational tools and technologies, supporting and integrating various learning materials. It also allows integration with external resources to enhance learner engagement.
Learner's Authentication Requirements	The platform uses a secure encrypted authentication process including email or mobile verification during registration.

Learner Registration - through a web application	Learners register through a separate dedicated web portal, providing user-friendly forms and guidance for account setup and course enrollment. Registration to LMS is through Admin Approval.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	The LMS includes tools for active engagement, such as real-time interactive sessions, discussion forums, and collaborative group assignments. An analytics dashboard provides instructors with data on learners' engagement, attendance, time spent on modules, and completion rates, allowing personalized support and intervention.
Payment Gateway –using Digital Payment system	Dedicated Admission portal integrates digital payment gateway that supports various online payment options, such as credit/debit cards, UPI, and net banking, ensuring a secure and convenient fee payment process. The university has planned to switch over to National Payment Service Platform - PayGov started by MeitY and NSDL to make online payments for availing various government services.
Tracking the delivery of a Course or programme	The LMS provides a tracking system that records the learner's progress through each course module, including completion status, assessment scores, and engagement metrics. Notifications and reminders help ensure learners stay on track.
Technical Know-how or Skills Requirements	The LMS is designed to be intuitive, with a straightforward user interface. Learners and instructors require only basic computer literacy. Training materials, including video tutorials and help documents, are provided to ensure ease of use.
